

<Avik Mitra/>

Software Engineer with 1.5+ years of experience working on Shopify and Shopify Plus, including developing Shopify apps using the MERN stack. Proficient in Liquid, with a strong background in managing teams, handling clients, solving problems, and delivering high-quality services.

EXPERIENCE

Tech Wishes Solutions, Kolkata — Software Engineer

APRIL 2024 - PRESENT

As a permanent employee, I continued developing responsive **Shopify websites** and expanded my expertise by working on **Shopify apps** and building **custom applications** tailored to client needs. I utilized Shopify Functions to deliver advanced customizations and resolved **page speed** issues for numerous clients, significantly improving website performance. Additionally, I **managed projects**, **led teams**, and effectively solved complex Shopify-related challenges, ensuring client satisfaction and project success.

Tech Wishes Solutions, Kolkata — Intern

OCTOBER 2023 - MARCH 2024

During my internship, I gained proficiency in **Shopify Liquid**, enabling me to develop custom themes and optimise dynamic content to enhance user experience. I created responsive websites on Shopify, ensuring compatibility across various devices, and built websites using HTML, CSS, and JavaScript, focusing on clean and maintainable code. Additionally, I managed client communications, understanding their requirements and delivering tailored web solutions to meet their needs.

EDUCATION

Regent Education & Research Foundation, Kolkata — CE

2019 - 2022

B.Tech in Civil Engineering from Maulana Abdul Kalam Azad University of Technology (MAKAUT)

Regent Institute of Science & Technology, North 24 PGS — DCE
